Kalamassery

Hack camp is India's first 24 hour hackathon led by Hack Club created for students to discover and express their true potential in coding, creating new things and solving real-world problems. There's a place for both rookies and experts at Hack Camp.

Hack Camp serves as a platform for students to collaborate with many other talented and creative minds to code and create innovative ideas that can change the world.

- Help the next generation of engineers, entrepreneurs by creating a platform for collaboration and innovation.
- Get access to a pool of highly talented and innovative group of students from India.
- Boost brand awareness among various educational institutions across India.

Hack Club

Hack Club is a global network of programming clubs where members learn to code through tinkering and building projects.
